New Legislation

Suspended Legislation

The Board of Directors suspended two proposals and institutions have 60 days to request an override to that action.

If no override is taken, the BOD will continue to study these proposals and hopefully come up with a solution.

No time frame is set for resolution.

11-2

Which will eliminate the rules defining recruiting coordination functions that must be performed only by a head or assistant coach.

- * Placing Telephone Calls
- * Evaluating and Selecting PSAs
- * Still no off-campus recruiting

~~Effective August 1, 2013~~

SUSPENDED

- * Can still send NCAA, academic info, questionnaires and camp brochures at any time.
- * Website may contain 'items created for recruiting purposes'.

SUSPENDED

Under Review Legislation

The legislation that is under review will be looked at again in May by the Board of Directors with three possible outcomes:

- **Maintain its action on the proposals, which will send them to an online override vote of the entire Division I membership.
- **Agree with those requesting the override, which would rescind the proposals.
- **Amend the proposals in some way, such as suspend them and refer them for further study which would subject the action to another 60-day override period.

11-3-B

Which will prohibit the live scouting of future opponents except in limited circumstances.

- * Can scout at tournaments.

~~Effective August 1, 2013~~

UNDER REVIEW
