

Try-out and Checklist Procedures

Checklist

The checklist is the first step in determining eligibility and must be completed prior to a student-athlete participating in practice, conditioning, and receiving financial aid or services of the Athletic Department [e.g., sports medicine, equipment, sports performance, training table, academic support].

The position coach or head coach is responsible for seeing that this form is completed by each new international, returning [after an absence from campus for a semester or longer], transfer, or walk-on student interested in participating in intercollegiate athletics at CU.

Failure to have the student-athlete certified to the Pac-12 Conference on both a Certificate of Eligibility List and a Squad List prior to competition is a violation of NCAA rules for which future eligibility would be in jeopardy.

Prior to the student-athlete beginning the checklist, the coaching staff must submit a Change in Status Form to Compliance. Completed checklists are returned to the Associate Director of Compliance, Monitoring.

Once the checklist is completed and submitted, the student-athlete will be added to the roster in CA and be able to practice until they are certified by the Eligibility Center or their temporary certification has expired.

Try-out Authorization Form

Coaches also have the option to have a student-athlete try-out for the team for 14 days without having to require them to be added to the roster and subsequently the squad list. Potential student-athletes must complete the Try-Out Authorization Form PRIOR to any activity with the team. NCAA Bylaw 17.1.5 requires any student trying out with the team to have a medical examination completed within six months prior to participation.

The Try-Out Authorization Form ensures that the coach, Sports Medicine staff, Sports Performance staff, and Compliance are aware of the potential student-athlete who is participating in the 14 day try out period while satisfying Bylaw 17.1.5. Once the 14 day period has expired, the student must cease activity or be required to complete a checklist and paperwork and be added to the official roster.
