

Outside Participation

At the beginning of each semester, student-athletes will be educated about the rules governing Outside Participation. Additionally, reminders will be sent to all student-athletes before winter break as well as summer vacation.

Any student-athlete who wishes to participate in athletics outside of the University of Colorado must complete an 'Outside Participation Approval Form'. This form is submitted to the Office of Compliance Services prior to any activity and is signed off on by a Compliance Officer. All forms are kept on file in the OCS.
