Colorado Head Coach Dan Hawkins

General

"A win is better than a loss. I thought our defense played really well and at times we played well on offense. We just have to clean up a lot of things. But certainly winning and winning against your rival and starting the season on a winning note is very positive. I thought our guys handled that really well and I'm proud of them for that. I think they had a glimpse of how good they can be and we're going to continue to get better and clean things up."

On Tyler Hansen

"He did a nice job. He made some plays with his feet. He missed a couple throws but he made some too. He's never going to be perfect but you want your quarterback to be perfect but I thought he played really well. He certainly helped us out early in the game getting away from some pressure. He made some good throws and he'll be the first person to tell you that he would love to have the sack back. Sometimes you're going to have that especially with a quarterback that can run. He has a greater understanding and he's much more comfortable as far as being able to check plays and comfortable with the whole packages."

On Wide Receivers

"We missed probably a couple of times but we have a lot of work to go there. That's always a work in progress. I think we have a few things to clean up there and we missed early on a few times."

On 4th Down Stop in 1st Qtr

"We get a stop, throw an interception and then we block a field goal. We get to go into halftime on a high instead of a low. You've got to generate a few of those. Get a little momentum and a little confidence; it goes a long way."

On Running Game

"We did okay when we wanted to. I think the game is going to dictate that. I think [offensive coordinator] Kiesau did a good job spreading things around. In general we ran the ball decently."

On Addressing Penalties

"Running, running and more running. We'll be on that."

On Scotty McKnight

"I think he's always been such a great stalwart. He's been part of the example of what we're trying to get done in the program. He's a great student. He's a tough guy and he's a hard worker. He's a very good leader and he's a very unselfish guy. It's pretty clear with our receiving corps this year it would probably be hard to imagine him eclipsing last year's numbers. Maybe but he's a guy that just really wants to win. He has the ability to reach out and touch other guys on the football team. He's been a real blessing for us."

On Touchdown Series in 3rd Qtr

"You can see we're kind of getting things going; we're pretty electric. We've got some guys that can really do some things and we're good enough up front and we've got good enough skill guys. It seems like almost every drive for awhile that we

punted on was because we had a penalty on that drive; we need to fix that."

On Travis Sandersfeld

"He did a nice job but we'll need to get in and watch the tape. Again he's just one of those steady eddy guys and he can play a lot of different spots. He jumped in and must have played pretty well because our defense played great."

On Offensive Playbook

"Our playbook always changes week to week. We have a certain core group of plays that you do. The playbook is always on going; it's based off of what everyone else is doing to us."

On Interceptions

"I think a lot of it was just really good hand-eye coordination. I think a lot of it's on [defensive coordinator Ron] Collins and [secondary coach Ashley] Ambrose. They put guys in spots to make plays. [Anthony] Perkins pick was certainly not easy and neither was Jalil [Brown]. Those were not easy catches."

On Run Game Defense

"I thought we did a nice job. They got us a little bit but by in large we did a really good job. Particularly when there was short yardage and you knew they were going to run it. They didn't have very far to go and our guys answered."

On CSU Quarterback Pete Thomas

"He did a nice job. I think he's a great kid and a good player. He's only going to get better. It's always tough when you're a true freshman. I think if you were just a casual fan watching the game I don't know that you would think 'oh that guy looks like a freshman.' He looked poised and I thought they did some good things for him. He's going to be a really good player. There's no question."

On Parker Orms

"You're heartbroken when a player goes down; you're crushed. You know how much goes into it. Hopefully he'll be okay. But the other side of it is football is a microcosm of life. It doesn't always go your way. Sometimes you do get hurt but you have to put that in the right context. That's why guys have to be ready to go. I feel bad when guys get hurt but there are reasons that everything happens, but if you can make the most of it then you'll come out on top in the end."

On Aric Goodman

"He kicked the ball off great, made the one field goal. I'm just really proud of him. He's a guy that's taken a lot of heat for a couple of years. You bring in a bunch of guys and challenge him and he really has answered. I think he's really perfected his game and matured a lot. That's a credit to him."

On Getting Off to a Fast Start

"I thought we were okay. The coach is always the worst one because you want to score on the first drive and stop them on the first drive. Anytime you're not doing that you want to get going a lot faster. I like practicing in the morning. Steve [Fairchild] told me they were going on Tuesdays and Thursdays, I'm just disappointed that it took me 28 years to figure it out."

Colorado Players

OT Nate Solder

ON THE GAME—"We definitely had some mistakes. We have to go and correct those and get better. We had some great moments, did some really good things, but we had some not so good moments too."

ON GETTING THE FIRST GAME OUT OF THE WAY—"There are always some bumps and things in the first game, but hopefully we smooth those out for the next one."

ON DOMINATING ON THE OFFENSIVE LINE—"It was an awesome feeling. It's a great game and it's been 365 days and I was just waiting to get back out there with those guys."

ON BEATING CSU—"It's a great start to a long season. There's going to be a lot of ups and downs this season, but you always want to start on a positive note."

S Parker Orms

ON HIS CONDITION—"They haven't told me, we are going to get an MRI. Nothing is broken, but there is some bruising, so we are just going to see after the MRI (tomorrow). It's pretty disappointing. It went from the best day of my career, to the worst day in one second. It hurts, but we got the win, and I still have a big career ahead of me. We will just take it day-by-day and see what the MRI says."

ON THE PLAY—"I played the first series, and we had to punt so I was on the punt team, so I ran down and I thought I was going to make the tackle, and my knee went one way and my leg went the other way."

WR Toney Clemons

ON THE WIN—"We had better energy as a team, and we were more focused and more prepared, and more vocal. We were a lot more confident. We feed off of our own energy. I think in the past they might have fed off of home energy a lot, and we came out flat on the road. But on this team, we feed off of each other, and that is going to help us a lot on the road."

S Travis Sandersfeld

ON PLAYING AGAINST A FRESHMAN QB—"You know a freshman guy, he is going to have some flaws. I felt like he did great, but I felt like when we pressured him, we got to him. And I think he threw some throws he shouldn't have, but I thought he also made some great throws. I think he did pretty good."

ON TEAM DEPTH—"That is what we said from the start of the year. At every position, we feel like we have depth. Even on special teams, I usually play all of them, and we felt comfortable getting [me] off and putting someone else on there. We feel comfortable with our two-deep, we still have some things to correct though. We still have a long ways to go though."

ON HIS INTERCEPTION—"We just wanted to get some momentum going, make a big play. Being the second guy (on the depth chart at nickel) is a huge thing I feel like."

S Anthony Perkins

ON THE CHANGES IN THIS YEAR'S GAME—" (Offensively) last year, they got some big plays early. We wanted to make sure we eliminated that. Passing game wise, we wanted to make sure we kept everything in front of us. We wanted to make sure we stopped the run because that is what their game is. We did a pretty good job of that. There is a lot of stuff we need to clean up, but I think overall we did a great job."

ON TEAM'S DEPTH—"It really is a bummer to see Parker [Orms] go down right away like that, especially because of what a big contributor he was to our defense. Travis [Sandersfeld] stepped in and had a pick on one of his first plays in, and that's the way its got to be; when people step in, they make plays."

ON FORCING TURNOVERS AGAINST A FRESHMAN QB—"That's what we want to do. Our defensive line did a great job getting pressure on him and not letting them get comfortable back there. We just want to get pressure on them, and make his reads unclear, and be able to go off of that. We did a good job and we were very opportunistic on certain plays, but we are a long way off of where we want to be as a defense. We have a long way to go."

CB Jalil Brown

ON THE GAME—"I think overall we did pretty good. There are a few things we still need to work on, on defense. We gave up a few plays, and on offense we feel like we should have marched the ball down the field a little more. For the most part I was very pleased with our performance. Getting the win is the most important thing."

ON THREE INTERCEPTIONS BY THE DEFENSE—"That is what we have been striving for this whole off-season. All we have been talking about is getting interceptions. It's very pleasing. I am happy to be able to get one."

Colorado Players (continued)

QB Tyler Hansen

ON FAMILIARITY WITH NEW RECEIVERS – “I feel really good, a lot more comfortable. The last three years I felt new to the offense and new to this whole deal, but today I felt really comfortable.”

ON PENALTIES – “We have to clean that up. That was a miscommunication between me and some of the other guys. That’s natural to have that happen in the first game, but you can’t have that in the next game. Those are precious yards and you work for those yards and you need those yards.”

ON READING THE DEFENSE– “Coach (Eric) Kiesau has taught me to read and react, you play into what you see. I felt like I was doing that for the most part today. I missed some things which is going to happen, but for the most part I was on my reads and was right with where I was going and I felt really comfortable.”

ON SENSE OF RELIEF – “It definitely feels good to get a win. There was a lot of pressure with all the talk about last year and how the pressure is on us to get some wins. It felt really good to get out there and have control of the game from early on.”

ON COLORADO STATE’S YOUTH – “They are (young) and we’ve been through that; we know what it’s like. I think every Saturday every team has a chance to win. Whether it’s all freshmen playing or all seniors, every team has a chance to win. You never know what’s going to happen on Saturdays. They came out with some fire in the beginning, but we got the win so that was cool.”

ON LOOKING FORWARD TO NEXT WEEK – “We’re a more mature team. Like I said after the game, ‘yeah it’s great to hoist that trophy up and celebrate beating Colorado State, but I was also telling guys let’s beat Cal now.’ It’s water under the bridge, forget about it and now go beat Cal.”

ON RECEIVING CORPS – “Those guys are great. They’re playmakers and have a lot of speed. I feel like once the lights are on and it’s game day, they are even better. I’m looking forward to seeing what they can do.”

ON WR SCOTTY MCKNIGHT’S RECORD BREAKING CATCH – “I told him the play before, ‘one more.’ It so happened that the next play we called his number and he did a great job, ran a great route, and he delivered.”

RB Rodney Stewart

ON THE OFFENSIVE LINE – “We did a lot in the offseason getting together and watching film and getting closer as a team. A lot of those guys are juniors and seniors so for them to do well is a big thing for them.”

ON THE RUNNING GAME THIS YEAR – “I think it’s a lot easier. We got some great receivers and some bigger running lanes so it’s harder for the defense to choose what they want to do.”

ON QB TYLER HANSEN’S LEADERSHIP – “The quarterback has got to be a leader and he inspired me to be a leader to the other guys.”

ON THE WIN – “It means a lot, but we have a big schedule. We have a lot more teams (to play) so if we lose next week than this win means nothing.”

ILB Jon Major

ON THE WIN – “I think it’s awesome just to let it loose, especially as a team. It’s always good to start off with a rival. It was a good defensive showing, not perfect but that’s what tomorrow is for and now we have to prepare for next week.”

ON THIRD-DOWN STOPS EARLY IN GAME – “You always want to go three-and-out; that was the strategy. It helps the offense out too. You get your foot on the throat and you want to finish it and we did a pretty good job of that right away. We held them to only three points, so pretty solid.”

ON FOURTH-DOWN STOP IN FIRST QUARTER – “Definitely (it gave us momentum), especially field position. It was monumental.”

ON WHAT WENT WRONG FOR THE DEFENSE – “Some things here and there in pass coverage and on special teams so we’ll see it on film tomorrow and catch up.”

ON WHEN THE DEFENSE KNEW COLORADO STATE WAS NOT GOING TO BE ABLE TO RUN THE BALL – “I think maybe the first or second series. There wasn’t anything that we hadn’t seen. Our guys did a great job and our coaches did a great job preparing us which allowed us to play fast. We saw everything so we did really well on preparation.”

ON DIFFERENCE FROM LAST YEAR TO THIS YEAR – “I think we are hungrier. We have a lot more experience. We expect to win now and it’s bend but don’t break. I think that’s the biggest difference and now we are going to keep pushing forward.

Colorado Players (continued)

WR Scotty McKnight

ON HIS RECORD BREAKING TOUCHDOWN – “I’d love to tell you I just smoked someone off the line, but that didn’t happen. It was a play that we work in practice a ton. They (Colorado State) brought the perfect defense on that and, as an older guy, I kind of saw it coming. I was like, ‘wow, I’m going to be wide open on this play.’ They brought field blitz and rolled a single safety, so basically we’re reading that corner and if he bites on the five-yard run then we hang it over the top. So when I saw that and peaked at the corner and saw him biting, I knew it was going to be wide open. The ball hung in the air for like two weeks so all I had to do was catch it.”

ON BREAKING THE RECORD – “Obviously it means a lot. To be up there in that category, it’s huge. It’s a testament to my hard work I think. All I really wanted was to win and a lot of people have talked about the record and it’s an awesome thing to be a part of. Don’t get me wrong, it’s humbling, but I was more focused on the win. I think it will be the kind of thing that when I look back on, it will be great. After the season, I’ll look back and be like, ‘wow, I accomplished that.’ But getting that win was the first and foremost thing on that list, especially with how the game went last year. I got knocked out and we lost and they stomped on Ralphie at the 50-yard line. There was a revenge factor there that I wanted to take care of my senior year.”

ON THE RECEIVING CORPS – “They had to change things up a little bit when you have guys as fast as Travon (Patterson) and Toney (Clemons) and everyone else, Paul (Richardson) and Will (Jefferson) that was playing. It opens things up for a guy like me in the slot. Those people (opposing defensive backs) have to get off the hash and they can’t just single those guys up on the outside or we’ll run ‘nine’ routes and they’ll go right by people. Having those guys has helped so much and they are going to help this team. You saw what Travon was doing on punt returns and I couldn’t do that last year so it’s nice that he can take over there and start making some plays for us. It’s great to have those guys; we’ve added a lot of depth and a lot of talent.”

ON IMPORTANCE OF PERSONAL NUMBERS– “I think I’ll still put up good numbers. The numbers thing is never – that doesn’t really mean too much to me. I think you’ll hear a lot of guys talk about that, but I really don’t care. If we win and I come out with two catches, but I did everything perfect for that game, I am completely happy. I’ve been through a season where we won three games and I caught 76 balls, and it’s not fun. It’s not fun waking up every day realizing that your team is letting down the school and the community. I’m much more focused on getting wins and taking care of business so we can get this school back on the map.”

ON GOALS FOR THE SEASON – “I’m taking it one game at a time right now. My new goal is to beat Cal. I want to put this program – I think it’s up-and-coming and we’ve got a lot of players and some of them are young so we’re going to be good for a while. I want to take one game at a time and focus on – my focus is on tomorrow. I’m going to correct and review this game then move on and get ready for next week.”

ON HOW HE IS HELPING THE YOUNGER RECEIVERS – “Paul Richardson is one of the most talented receivers I’ve seen come through here. He’s fast, he’s tall, he can jump, he has great hands. He came up to me and was like, ‘hey man, can you take me under your wing?’ I think that shows a lot for a young guy because sometimes they don’t know how to think. I’ve told him and every single one to come through here that I’m always here for you and I think I’ve been through a lot. I’ve got game experience and I’ve been through a lot of practice – I was here before we had the bubble and we were practicing in the snow, so I’m like, ‘you don’t have it as bad as I had it my freshman year.’ I’m there for those guys, whether it’s to meet and watch film or a question on a route or a release; I want to do whatever I can to help them because it’s only going to make us better.

ON NO LAST NAMES ON JERSEYS – “I think it shows that we don’t care about individualism here. We represent the ‘Colorado’ that’s on the front. That’s the most important thing to us.”

ON BREAKING THE RECORD – “It’s a big deal. It’s monumental for me. To be in a list with all those guys is something that’s really special. I went up and my mom’s crying after the game and they were all pumped. It’s something for me – I mean I came in and knew it would be cool to get the record, but it’d be really, really cool to beat Colorado State and that’s all I really wanted to do. It’s something that when I look back on it, I’ll be like, ‘wow, that was a big deal.’ Right now the biggest deal was getting that first win under our belt. There are still a lot of things we can clean up. We had a couple too many penalties and we need to play cleaner. I think you saw that we have a different team this year. We have a lot of talent and we’re going to do some special things. We just need to keep getting better and clean it up.”

Colorado State Postgame Quotes: Head Coach Steve Fairchild

Colorado vs. Colorado State; Invesco Field

Sat., Sept. 4, 2010

General: “There’s not a lot to say about the way we played offensively. If we cannot establish a run game, which we didn’t do at any point this afternoon, or if we don’t convert on third downs, then we’re gonna struggle offensively. We looked real tight offensively. Having said that, I thought defensively we flew around pretty good. For the most part we kept the ball in front of us. We could wrap up better, both on defense and special teams, but you’re not gonna win a football game the way we did offensively today. I think this will be, at some point this season, the best offense since I’ve been here. We’re not there yet, but I like some of the things that are going on. We obviously didn’t play very well today. We’ve got to grow up in some areas. We’re disappointed, but there’s nothing we can do about it. We just need to move forward, and the only thing that matters now is the preparation that we do to get ready for the University of Nevada.”

On the play of the offense: “I thought we had some good numbers in some of the runs we called; we had good looks. I haven’t seen the final stats, but I’ll bet through three quarters we were at 2 yards per carry. And it wasn’t like they were bringing safeties down to stop the run. There were some good looks to run the football, and we just didn’t get it done.”

The performance of QB Pete Thomas: “I thought that the tempo at times dragged, but I liked the way he got in and out of the huddle and the communication for a first-time starter. The whole tempo thing can improve, but it wasn’t bad. He has a presence and he’s got good vision; he sees things and you can talk about it on the sidelines. He’s fairly accurate—we didn’t test too many balls down the field—but I thought he did a nice job. The turnovers obviously hurt us, but one was a hell of a play on their part and obviously on the last one he just misread the coverage. I think the future’s bright there. We have a long way to go with him and a lot of areas offensively, but there’s something in me that tells me that by the end of the year this offense will be better than any one since I’ve been here.”

On going for it on fourth-and-1 in the first quarter: “Obviously that one backfired. I knew that as young as we were, manufacturing long drives was going to be a challenge. I thought we’d do it better than we did this afternoon. But it’s short yardage; we should win that nine times out of 10. I’ll have to look at the tape, but in retrospect, that’s a bad call.”

On CU’s performance on both sides of the line: “I’m anxious to look at the tape. Again, there were a lot of runs where we had good numbers, good schematic looks where you hand the ball off and think you’re gonna get 6, 7 yards and he ends up getting 2. I want to look at the tape. I’m sure they did a nice job of getting off blocks, and we did a poor job of sticking on blocks. We’ll go back and grade the tape and figure out why tomorrow. The bottom line is that if you’re averaging 2 yards through three quarters and you’re not converting on third down, you’re not helping your special teams or defense very much. We’ll get back to work, but again, I think we’re gonna be very good on offense by the end of the year.”

On playing seven true freshmen; how they can advance after Game 1: “Our youth will never be an excuse. We’re putting those guys out there because they give us the best chance to win, and it’s my job to get them ready and it’s my job to get them prepared to win the football game.”

On Pete Thomas' response after interceptions: "He came as advertised. The game was not too fast for him. I was very, very encouraged. He's going to be very good."

On the performance of the offensive line: "I don't think the protection was as good as we expected. I think we're probably a little further along at quarterback than maybe we anticipated, and not as far along on offensive line as we anticipated. I think offensively, early on in the season, that's going to be the case. I truly expect us to be better on the offensive line than what we showed today. But that's why they're paying us, to get that fixed."

On mismatches on CU WR Scotty McKnight: "They did a nice job. They have a quick back that can create a little bit of a mismatch if he has space, and Scotty McKnight's a good player. Right off the bat we were in the man coverage, and he was on the safety. He did a very nice job and is a very, very good inside receiver. We knew that."

On QB Pete Thomas reading open gaps and running the ball: "He did a nice job of knowing when to pull it down. He's got to protect himself a little bit better, but you can see that he's got the ability to make a little play with his feet every once in awhile. I thought that was a nice decision by him."

On CU's performance and preparation: "This is more about Colorado. Dan Hawkins had his team better prepared than I did. They showed up, they were the better football team and they certainly deserved to win that game."

On missed tackles: "We tackled well, we just didn't wrap up a couple of times. Defensively, and special teams that one time on the long punt where we were lucky to get the personal foul, we had a guy on them. If we wrap him up, they've got the ball way down the field. We had some young guys out there, and that's not an excuse. We just have to do a better job on that, there's no question."

On less live tackling during the last weeks of practice: "I would say the second to last week, that's true. We never do much on a game week. No, I don't think that had an effect. We were prepared mentally, and I think we had a good idea of what was going on, we just have to run the ball better and convert occasionally on third down."

On CU's speed on the outside, at WR: "All three of those end guys give them a little juice. That's a much better group of receivers than they had last year when we played them. That's an advantage to their quarterback and their run game."

On his reasoning behind his optimism regarding the offense: "I just love what I'm seeing. We're still a long way off, but I love what we're doing and the way we're playing. I do think we have some talent in the backfield. We're still sorting out how to use it and when to use it. I guess a lot of it has to do with Pete Thomas. I just have a very good vibe about what he was doing and can do. Don't get me wrong, he's not there by any means, but I'm confident that we have a wealth of talent in him and the offensive line—it's young and has a long way to go -- but I'm sure we'll get it at some point this year."

Colorado State Postgame Quotes: CSU PLAYERS

Colorado vs. Colorado State; Invesco Field

Sat., Sept. 4, 2010

WT PAUL MADSEN

On whether the youth up front will begin to click soon: "As far as the O-line goes, I think we clicked very well today. I think we may have made a couple of mistakes but I'm impressed with how Tyler (McDermott) and Weston (Richburg) played. They really stepped up. We were confident on the field."

On whether he expected more rushing yards: "I think we were very close several times. I think we had some little, little mistakes. I think CU also came out with a little more energy than we did, and that hurt us."

On the play of Pete Thomas: "I love Pete. What I noticed about Pete coming in was that I expected him to be very nervous. The only thing that I saw was a great level of excitement and confidence. I saw it throughout the game. A couple of times he brought us all together and gave us some encouraging words, which helped. He never wavered. He is my quarterback. I am very impressed with him."

WLB RICKY BREWER

On whether losing to CU hurts more than losing to another opponent: "Well, that is tough. It is a rivalry game and that is what it is all about. Anytime you come out, you want to beat your rival. The fact that we lost this one is going to stick with us, and we will use it as momentum for our other opponents."

On how to improve next week: "Well, we have to keep assignment-sound. They got ahead of us really quick because we blew a couple coverages. They were the better team today. We have to get in the film room and see the mistakes that we made and make sure we make it a point to get those corrected."

On adjustments coming out of the half, holding the Buffs to seven points: "We didn't make any adjustments. We came out and played the same defense. The key here is everybody doing their job. Once we made that a point and a priority, we shut them down."

On returning after his 2009 suspension: "It felt good to run out of that tunnel again. Sitting out that whole year, felt like three (years). To come back out there on the field and be accepted by my teammates is big."

DE CROCKETT GILLMORE

I think we are a real young team. I think we will be going somewhere but you can't live off of one game, especially the first one. A lot of these guys it is their first game, so you can't really go off that."

CB MOMO THOMAS

On whether he expected a deep pass from CU on his interception: "I thought they were going to go deep on the first play of the game. They have the fast wide receivers on the outside so I kind of expected it. I just played my technique and got the ball."

On returning punts: “I think we have a better return team (this year). The guys up front are helping me a lot. I talked to them before the play and told them to hold them up and I will try to get what I get out of it.”

On disheartening touchdowns allowed on blown coverages: “If we don’t blow our two coverages it is a different game. We just have to go back next week and practice on communication and better tackling.”

On what he does as a veteran to help the young guys: “Just talk to them. I try to influence them on the sidelines when I’m not in the game or when I am in the game. I just think it is important as a freshman to keep your head in the game and think about technique. You get caught up and over think it.”

QB PETE THOMAS

“I felt real comfortable out there. The game seemed pretty slow to me. I felt like I was very well prepared. I just had too many mistakes on those interceptions. You have to give their defense credit; they made a hell of a play on two of those interceptions. They came out with a little more fire than us but I feel like we will get everything corrected.”

On his nerves: “I was obviously nervous. I think there is something wrong if you are not nervous. I felt like I was pretty level-headed and calm and I felt like I had the right mindset going into the game.”

On Steve Fairchild’s confidence and optimism with respect to the offense: “I definitely agree. I think we did some really good stuff out there. But we did not do enough good stuff. I felt like on third down we needed to convert a few of those. I think if we keep practicing and listening to Coach Fairchild and the rest of the offensive coaches, by the end of the season, we will be meshing pretty well.”

On getting his first game out of the way: “Obviously, the game didn’t go the way we wanted it to, offensively or defensively. I feel like I got that first game under my skin and as a team we are only going to get better from here on out.”

On the big stage of Invesco Field: “This is a huge stage and a big rivalry game. There were a lot of people here. I thought I handled it well. I feel like the offense handled it pretty well. We just made too many mistakes and didn’t come out on top.”

On not converting on fourth-and-1 early in the game: “That was real disheartening, obviously. I think we had a good mindset. We just shot ourselves in the foot on third downs.”

On his teammates saying he seemed pretty relaxed before the game: “I have been more nervous before high-school games than I was this one. I think I had a really good mindset coming into this game. I was calm and not too nervous. The game didn’t turn out the way we wanted it to. You have to give them credit; they played some great defense and obviously played well on offense.”

On whether he would rather have had the opening kickoff : “It didn’t really matter to me. I like getting the ball first and getting thrown into the fire but we just didn’t convert.”

On completing third-down passes short of the first down: “I think we completed a lot of passes on third down but they just fell short. Their linebackers and defensive backs made some tackles before we got the first down so you have to give them credit. I think we will get that worked out and hopefully have a good game against Nevada.”

On if he had to give himself a grade for today, would he give a good mark considering his youth: "I think it was a good first game but that was not an excuse. I need to come out here and play better for this team to win."

RB RAYMOND CARTER

On holes not opening up: "Yeah, we just have to watch film and learn from it, get better from it. We're going to be a pretty good team. We are young but it's all about getting better from here."

On getting better from here: "Like I said, we have to learn from this, watch film and we are going to prepare for Nevada."

SLB MYCHAL SISSON

On the linebackers: "All the linebackers were feeling good. We were rotating real well. They just came out and punished us. We're a little smaller inside and they took advantage of it."

On CU RB Rodney Stewart: "He's just quick, he can cut on a dime, and he always sees the cutbacks. That's the main thing; he was always cutting back on us and we didn't have anybody to stop that."

On moving on with rest of the season: "This is just a minor setback. After today everybody is going to forget about it and everybody will worry about the rest of the season."

On positives: "There's a lot of positives. On defense I feel like we are coming along strong, especially in the second half, which we lacked last year. Offensively we got a lot of young guys some reps so they have a little experience going into the next game."

QUICKLY Colorado now leads the series **60-20-2**, including a 6-4 edge in Denver ... CU is now **23-1** in season openers since 1967 when scoring first ... This is the fewest points CU has allowed in a season opener since a 45-3 win over Fresno State in 1988 ... This marked the first time the losing team in the series failed to score at least 10 points since a 23-7 CSU win in Boulder in 1986, and the first time the loser did not score a touchdown since 1983, when CU won 31-3 in Boulder in game that resumed the series after a 25-year dormancy (CU now leads the series **17-6** since its resumption) ... Colorado's **17-0** lead at halftime was the largest by either team in the series since CSU led 28-0 at halftime in 1999; it was CU's largest intermission lead since 1995 in Boulder (28-7) ... The win was **Dan Hawkins'** 70th on the I-A/FBS level (70-44) ... In five season openers under Hawkins, the Buffs are now **15-of-15** in the Red Zone (10 TD/5 FG) ... The **3** points allowed by CU are the third lowest in the 50-game Hawk Era, trailing two shutouts (the last of which was last Sept. 19, a 24-0 win over Wyoming) ... The **245** yards allowed by the Buff defense is the fewest surrendered in a season opener since 1998, when CSU had 202 in a 42-14 CU win in what was the first series game played in Denver ... CSU's first nine plays all gained less than 5 yards (and just one of which gained 4); 36 of CSU's 58 plays went for fewer than 15 feet ... CSU ran just 15 plays in CU territory (for a net 44 yards) ... **ILB Jon Major** had a career-high eight tackles, besting the four he had last year at Iowa State ... With three quarterback sacks today, the Buffs now have a sack in **21** straight games ... Colorado sold about 33,500 of its allotted 37,000 tickets for the game; the crowd of 60,989 was the lowest of the 10 games in Denver (previous low was 65,701 in 2006) ... CU's next opponent, **California**, defeated UC-Davis 52-3 today.

FIRST CAREER STARTS Seven players made their first career starts for the Buffaloes: **OT David Bakhtiari**, **WR Kyle Cefalo**, **WR Toney Clemons**, **DE Josh Hartigan**, **ILB Jon Major**, **S Parker Orms** and **WR DaVaughn Thornton**.

FIRST CAREER ACTION Including five players above (Bakhtiari, Cefalo, Clemons, Orms, Thornton), 21 players made their first appearance in a game; the others (*—denotes mainly special

teams): **CB *Jered Bell**, **WR Mario Conte**, **WR Jarrod Darden**, **UB Scott Fernandez**, **P *Zach Grossnickle**, **ILB *Evan Harrington**, **SN *Ryan Iverson**, **S *Matt Meyer**, **OLB *Lilao Nobriga**, **S *Deji Olatoye**, **WR Paul Richardson**, **SN *Joe Silipo**, **TB Justin Torres**, **DE Chidera Uzo-Diribe**, **CB Paul Vigo**, **ILB *Derrick Webb**.

TRUE FROSH Of the above, five **true** freshmen played: Bell, Iverson, Richardson, Torres and Uzo-Diribe.

DEFENSE CU limited the Rams to 49 rushing yards on 25 attempts (61 on 22 true rushes). The 49 yards is the fifth fewest CU has ever allowed in a season opener; the top five bests:

Aug. 31, 1996	WASHINGTON STATE	21- 5, 1 TD
Sept. 6, 2006	Colorado State (Denver)	34-15, 1 TD
Sept. 21, 1946	IOWA STATE	25-30, 0 TD
Sept. 4, 2004	COLORADO STATE	28-44, 1 TD
Sept. 4, 2010	Colorado State (Denver)	25-49, 0 TD

(CU held the opponent under 50 yards rushing twice in 2009.)

WR SCOTTY MCKNIGHT (6-78, 1 TD) He became CU's all-time leading receiver in style, catching his 168th career ball to pass Michael Westbrook (167, 1991-94) on a 27-yard touchdown pass from **Tyler Hansen**. He finished the game with 171 in his career; his 1,978 career yards are seventh (Javon Green is sixth: 2,031). —He has had a TD reception in all four games versus CSU, scoring CU's first points of the year in 2007 and 2008.

—He caught a pass for his 38 straight game (every one in his career, including one bowl); that is an NCAA active-best.

PROMINENT CU RECORDS SET BY ONE-TIME WALK-ONS

WR JEFF CAMPBELL (1986-89): Led CU in punt returns three seasons and his 84 returns is still tied as the school career mark; his 31.3 average per catch for the 1988 season remains as the school record for the highest with a minimum of 15 receptions; at one point held the record for the longest reception (90 yards).

QB JOEL KLATT (2002-05): He set 44 school records, mostly passing, including setting the mark for all-time passing yards (7,375) which still stands.

DB RYAN SUTTER (1994-97): Set the school record for most career special teams tackles (64) as well as points (123); his 170 tackles as a senior were (and remain) the second most in a single season in school annals.

P JOHN TORP (2002-05): The runner-up for the '05 Ray Guy Award set five school punting records, including most punts inside-the-20 (65) and over 50 yards (64).

WR TRAVON PATTERSON (1-18, 1 TD) The CU senior, who transferred to CU from USC in time for fall camp, scored his first touchdown since 2005, when he was a senior at Long Beach Poly.

TB RODNEY STEWART (16-67, 0 TD; 2-41 RECEIVING) Stewart opened up his junior year with 101 total yards; his 67 rushing vaulted him past three players into 27th place all-time at CU (he has 1,493, skipping by Howard Cook (1,463), Mark Hatcher (1,470) and Bill Harris (1,486). He picked up 28 of those yards after contact.

COLORADO INJURIES S Parker Orms (knee); will undergo an MRI on Sunday to determine the extent of the injury.

Colorado State Postgame Notes

Colorado vs. Colorado State; Invesco Field

Sat., Sept. 4, 2010

TEAM NOTES

One game: Head Coach Steve Fairchild said entering this week that one game does not define a season. And if his first two season openers are any indication, fans should be optimistic. After the teams' last meeting in Denver, Aug. 31, 2008, CSU rebounded from a 38-17 loss to earn a berth in a bowl game. Last season, CSU registered a 23-17 triumph in Boulder, but wound up the year 3-9.

- In fact, the Rams opened their last three bowl seasons (2003, 2005 and 2008) with a loss in their opener. They also lost the opener in 2001 before rallying to go to a bowl.

Penalties: CSU's primary goals entering the contest were simple, avoid penalties and turnovers. While the Rams did throw three interceptions, they also committed just two penalties, something impressive considering 13 freshmen were on the field for the first time.

- CSU's two penalties were the fewest by the Rams in a game during the Steve Fairchild era, and fewest since Nov. 11, 2006, at Utah, where the Rams committed just one penalty in a 35-22 loss.

True freshmen: The following seven true freshmen made their college debuts today...LB Mike Orakpo, QB Pete Thomas, LB Charles Favors, CB Shaq Bell, DE Nordly Capi, RB Tony Drake, and DE Crockett Gillmore, the most anyone can remember in one season (the SID staff will research that this week).

- Colorado State used only three true freshmen in 2009 (P Pete Kontodiakos, RB Lou Greenwood and DE C.J. James).
- The year before, five true freshmen hit the field: Ben DeLine, Marquise Law, Adam Wilson, Momo Thomas and Michael Kawulok. Thomas and Kawulok started, while DeLine had served as the primary kicker after a preseason injury to Jason Smith.
- Over the previous two years combined (2006-07), the Rams used just two, both in 2007 (tight end Eric Peitz and long-snapper Steve Bryan). In 2006, CSU and Wake Forest were the only Division I programs that did not use a true freshman.
- Over the previous three years (2005-07), the number was just five, including S Klint Kubiak, DT Shaun McGoveran and DE Wade Landers in 2005.
- The last time CSU used as many as five true freshmen in an entire season was six in 2004 -- WR Damon Morton, RB Gartrell Johnson, DE Matt Rupp, TE Kory Sperry, QB Caleb Hanie and RB Kyle Bell.

More debuts: All told, 13 freshmen played for CSU, including the following redshirt freshmen, who made their college debut: S Ezra Thompson, TE/FB Joe Brown, CB Immanuel Mitchell, OL Weston Richburg, OL Jared Biard and TE Matt Weems.

- In addition to those 13 freshmen, 16 total players made their CSU debut today, including three transfers: CB Dominique Vinson, RB Raymond Carter and LB Austin Gillmore.

Sacks by freshmen: Each of CSU's two sacks were by true freshmen, LB Mike Orakpo and DE Crockett Gillmore.

Seven points in second half: The Rams held the Buffs to just seven points after halftime, fewest by a Rams opponent since CSU allowed Weber State only three points in the third and fourth quarters on Sept. 12, 2009, in Fort Collins.

Another first-year starter: The Rams, who started fifth-year seniors Billy Farris in 2008 and Grant Stucker in 2009, are one of only six programs in the nation that open a third consecutive season with a first-year starter. CSU joins Auburn, North Texas, Mississippi State, Buffalo and Purdue in that category. The last time a CSU passer returned to claim the starting quarterback role was Hanie in 2007, just before he signed with the Chicago Bears, where he now backs up Jay Cutler.

Honoring McGregor: The Rams displayed No. 88 decals on their helmets for the first time, a mark of respect for Keli McGregor and his lifetime contributions to the CSU football program. McGregor, who passed away unexpectedly in April, went from walk-on to All-American as a CSU tight end in the 1980s, then became president of the Colorado Rockies Baseball Club. The Rams, who will wear the decal all year, also will hold Keli McGregor Day at their Sept. 25 opener vs. Idaho. The program also began naming a scholarship after McGregor, given to a walk-on player, to preserve his legacy in perpetuity.

Three points: The Buffs held the Rams to their fewest points in a game since a 27-3 loss to Utah on Oct. 27, 2007, in Fort Collins. Prior to the CU game, the fewest points in a Steve Fairchild game were at No. 12 TCU, a 44-6 loss on Oct. 17, 2009.

- With regard to the series with Colorado, CSU's three points were its fewest since a 31-3 loss at Folsom Field, Sept. 17, 1983.

INDIVIDUAL NOTES

Pete Thomas: According to team historian John Hirn (coloradoaggies.com, Aggies to Rams), Thomas became the program's youngest starting quarterback since Mark Miller on Sept. 26, 1981. Thomas (18 years, 10 months, 24 days) is only four days older than Miller (18 years, 10 months, 20 days) was 29 years ago as a true freshman at West Virginia, the third game of the '81 campaign. Colorado's top prep quarterback in 1980, incidentally Fairchild's senior year as the CSU signal-caller, Miller hailed from Grand Junction, Colo. He started one other game that season, the following week at Air Force.

- The youngest starting quarterback in program annals was Bob Hainlen, an 18-year-old true freshman from Trinidad, Colo. At age 18 years, nine months and 11 days, he led the Aggie-Rams to a 33-0 home triumph over Northern Colorado on Sept. 29, 1945, the team's first game in three years due to World War II. Hainlen went on to start at quarterback in the Raisin Bowl, on Jan. 1, 1949, with Fum McGraw and Eddie Hanna, the only two players to have their numbers retired in program history.
- Hainlen and Thomas are the only two freshmen to have ever started a season opener in the rich history of the CSU football program.
- Thomas won't be the first, or the last, true freshman to start a major college football game. The long list includes John Elway (Stanford), Peyton Manning (Tennessee), Kevin Kolb (Houston), Jamelle Holieway (Oklahoma), Chad Henne (Michigan), Jimmy Clausen (Notre Dame), Brady Quinn (Notre Dame), Terrelle Pryor (Ohio State) and Matthew Stafford (Georgia). In 2009 alone, Matt Barkley (USC), Jordan Wynn (Utah) and Tate Forcier (Michigan) joined the list.

Brewer against the Buffs: Ricky Brewer, a product of Denver's Mullen High School, played his first game since the 2008 New Mexico Bowl, and picked up right where he left off, with a team-leading 10 tackles, one for loss.

- He played his second final game against Colorado (didn't play as a redshirt freshman in 2007), and finished his career with 21 tackles in two CU games, both in Denver.

Other individual notes:

- Thomas began his college career with an incompleteness, then completed four straight, and eight of his first 10, until the interception by Travis Sandersfeld. With three interceptions, he still completed 72.7 percent of his passes (24-of-33).
- DT Guy Miller and FB Zac Puga have played in every game of their college careers, 38 entering the Nevada game.
- TE Eric Peitz has caught a pass in nine straight games, a streak that began Sept. 12, 2009, vs. Weber State. Rashaun Greer had a 19-game streak from 2008-09.
- LB Mychal Sisson has started 24 straight games entering the Nevada game.
- CB Momo Thomas, in the first quarter on his first return of the year, registered his longest career punt return, 24 yards. Previously, his longest punt return was 18 yards, at Colorado, Sept. 6, 2009.
- Momo Thomas had 64 return yards on the day, including a 20-yard interception return, also the longest of his career. Prior to Saturday, his longest career INT return was 16 yards, Nov. 1, 2008, vs. BYU.
