**2012 (Sophomore)**—Haug continued on his successful freshman season with another impressive performance on the slopes as a sophomore. He completed 12 of the 14 races on the season and represented the Buffs at the NCAA Championships for the second straight season. He had four top 10 performances, all in giant slalom action, with two of those top five finishes and one podium with a third place finish in a giant slalom qualifier ahead of the RMISA Championships. He finished fourth in the giant slalom at the University of Colorado Spencer Nelson Memorial Invitational, a day after he opened the season with a ninth place finish in a qualifier race both at Eldora. He also had a ninth place GS finish at the Denver Invitational in Winter Park. A top student-athlete, won the Elite 89 Award for having the highest GPA amongst all competitors at the NCAA Championships and the CU Scholar-Athlete Award for having the highest GPA amongst all sophomore student-athletes at CU. He was named to the Division I National All-Academic Ski Team and was a third-team mention for the CoSIDA Academic All-American At-Large squad. He also made mention on CU's 4.0 Club and was named second-team All-RMISA.

**2011 (Freshman)**—Haug completed a highly successful freshman campaign being named the RMISA MVP for men's alpine, an award he earned largely because of his consistency

throughout the season. He completed all 14 races, the only CU alpine skier to accomplish that feat on both the men's and women's side. He finished in the top 20 in all but one race and the top 10 in 10 of the 14 races. Prior to the start of the RMISA Championships, his only finish outside the top 10 was an 11th place in the slalom race at the Utah Invitational, the first slalom race of the season. He took ninth the day before in the GS race there. He had the opportunity to represent Norway at the World University Games but passed and took advantage by winning the first race of his career, a slalom race at the New Mexico Invitational. He was fifth in the other slalom race there and earned CU Athlete of the Week honors. His best all-around performance likely was at the Denver Invitational, with those skiers competing at WUG back, he took home two podium performances, finishing third in both the slalom and giant slalom races and earning RMISA Skier of the Week honors. In the end, he earned second-team All-RMISA honors and while his finishes weren't as impressive at the NCAA Championships where the goals were based on team finish and not individual, his two finishes there were instrumental in CU winning the NCAA Championship. In the classroom, he earned a 4.0 GPA in CU's highly ranked business school, and was named to the Division I National All-Academic team.

on the jets in slalom action down the stretch to earn a solid qualification number for NCAA Championships. There, he brought home one second-team All-America honor with his 10th place finish in the slalom race and just missed out with a 12th place GS finish, helping the Buffaloes to the NCAA Championship as a team. He opened the season on what had been his home mountain at the Utah Invitational and perhaps was a bit nervous as he didn't finish the GS race and took home 18th in the slalom. He then rattled off consecutive top six finishes in the GS races at Montana State. By the time the New Mexico meet came around, he had switched his focus to high slalom finishes and took seventh in one of the slalom races there and that momentum carried the rest of the season. He had his career best slalom finish at the RMISA Championships, again on what was his home hill at Park City, a fifth place finish that helped secure the Buffs a league championship and himself a solid qualification for NCAA Championships.

**2012 (Junior)**—Lamb participated in all 14 races for the Buffs and finished 12 of those races. He really broke out in slalom action, becoming one of the top slalom threats in the nation. In seven races, he finished five and had one podium appearance and also had finishes of fifth, sixth and seventh. He was controversially disqualified from a slalom race at the Seawolf Invitational after having apparently won the race. He finished third in the RMISA qualifier race in Montana ahead of the RMISA Championships, fifth at the Alaska Anchorage Invitational, sixth at the University of Colorado Spencer Nelson Memorial Invitational and seventh at the Denver Invitational. In giant slalom action, he saved his best for last with his top two performances in the post season, starting with a 12th place finish at the RMISA Championships followed by a 13th place nod at the NCAA Championships. He earned second-team All-RMISA honors and was the No. 9 qualifier for NCAA Championships, including No. 6 on the slalom list.

**2011 (Sophomore)**—Lamb skied in all 14 races for the Buffaloes in 2011, his first season on the squad, one of only two alpine athletes, men or women, to accomplish that feat. He finished 13 of the 14 and took home a top 20 finish nine times reaching the top 10 a total of five times. # 2013 COLORADO BUFFALOES

**2010 (Freshman at Utah)**—Lamb enjoyed a successful freshman campaign for the Utah ski team skiing in all 14 races and qualifying for NCAA Championships. He took home eight top 20 (seven top 15) and two top 10 performances with one podium appearance after finishing third in the giant slalom at the Montana State Invitational. His best outing was at the New Mexico Invitational with an 11th in the giant slalom and 13th in the slalom. He took home 14th in the giant slalom at RMISA Championships and bettered that performance with a 13th place showing in the NCAA Championships and combined that with a 16th place in the slalom.

**Club**—Lamb skied for the Crested Butte Academy for three years and the Winter Park Competition Center the year before joining the Utah ski team. He was named the Alpine MVP at Crested Butte. He has participated as part of the Rocky/Central Region team for three years and won the slalom in 2005 at the Junior Olympics and at the 2010 U.S. National Championships, he was second among junior skiers in the super combined and third in the slalom. In 2009 at the National Championships, overall he took home 12th in the combined, 15th in the slalom and 18th in the giant slalom. He was named the 2009 Colorado all-star athlete of the year and 2009 Governor's Cup champion.

**High School**—Lamb graduated from Crested Butte Academy in 2008 and participated in skiing, hockey and soccer there. He played hockey for two years as a defenseman and soccer for three as a goal keeper and he was a captain on his 2007 soccer team.

**In the Classroom**—Lamb is undecided on a major at Colorado.

**Personal**—Charles Maxwell Lamb was born June 6, 1990 in Gunnison, Colo., to Eric and Joyce Lamb. Skiing and comedy are in his blood as he lists his goals after college to continue to ski, his hobbies and interests as skiing and that he is also interested in studying skiing at Colorado. He was also recruited by Nevada, New Hampshire, Montana State and Alaska Anchorage and decided to transfer to Colorado because he feels it's the best place on earth.

**2012 (Freshman)**—Completed a stellar freshman season by being crowned the NCAA Individual Champion in the giant slalom, after winning both runs of the race and finishing over a second ahead of the competition, the largest margin of victory in the NCAA GS race in 30 years. He came into CU with sufficient points in the giant slalom races to earn high starting placements from the beginning, but had to work his way up the slalom chart, and did so. In GS races, he finished in the top six in all six races in which he finished with two wins, two second places, a fifth and a sixth place. In slalom races, he slowly worked his way up, finishing the year with a fourth place finish at the RMISA Championships and 10th place at the NCAA Championships, both in Montana. He quickly worked his way up the slalom start list, in the first race of the season he started in 31st and finished 14th, then in the second race he again started in 31st and finished ninth. Similarly in giant slalom races, he started 17th and finished fifth in the first race of the season, started 14th and finished second in the second race, both at Eldora. On the strength of his win in the giant slalom race, he earned a first-team All-America honor in the GS
