2012 (Sophomore)—Hoyer competed in 11 of the 12 races in his sophomore season, finishing all of them, and bringing home nine top 15 finishes with five top 10 and one top five finish. He opened the season with a 24th place finish in the freestyle race and then sat out the classical race at the CU Invitational after having recently returned to altitude. He then got his bearings, finishing 15th in the classic race and 11th in the freestyle race at the Denver Invitational the following week. He was then at his best in Alaska for a pair of meets in which he finished in the top eight in all four races. He took eighth in both freestyle races, both career bests, and then had a fourth and sixth place finish in the classical races, also the two best performances of his career. He continued the impressive racing in Montana, finishing seventh in the classical race and 11th in the freestyle race at the RMISA Championships before bringing home

He proved to be slightly stronger in classical races, finishing in the top 20 in three of the four races there. His only finish outside the top 20 in classical was a 22nd at the New Mexico Invitational, always different because of the high elevation nearing 10,000 feet. Ironically, his 25th place finish in the freestyle race there was his best of the season, although he finished between 25 and 31 in his three freestyle finishes.

Club—Hoye came to Colorado with 15 years of skiing experience on the Heming Ski Club team.
