

Monthly Compliance Meeting

February 11, 2010

Today's Agenda

- Jo's Announcements
- Kris' Announcements
- Breakin' (From) The Rules
- Newly Adopted Legislation
- Non-Institutional Camp Form
- Speaking Engagements
- Compliance Quote

Jo's Announcements

- Summer school Applications DUE March 19th for ALL teams. We must have this form!
- March Monthly Compliance Meeting is moved to the 18th
– please make sure your calendars reflect this change.

HAC Announcements

- Fall 2009 GPAs/Worksheets
- Priority Registration for Fall 2010
- Registration Holds
- Fall 2010 Practice Times

Breakin' (From) The Rules

- Blueberry Jelly Bellies were created especially for Ronald Reagan.
- Venus is the only planet that rotates clockwise
- Leonardo Da Vinci invented the scissors.

Proposal 2009-14-B

PERSONNEL -- DEFINITIONS AND APPLICATIONS -- MANAGER

- **Intent:** To establish criteria by which an individual may serve as a manager, as specified.

- **Effective date:** August 1, 2010

Proposal 2009-14-B

Rationale: This proposal was developed as a result of feedback received from the membership and constituent groups. The position of manager is intended to support the coaching staff and team in a limited manner rather than provide a development opportunity for others with prior professional experience (e.g., college coach, high school coach). Therefore, it is appropriate that such individuals be full-time students. Under this proposal, there is no limit on the number of managers for a team. This proposal would codify the principle that the nature of a manager's duties is limited rather than the frequency in which the duties are performed. Managers are permitted to participate in limited duties (e.g., throw bounce passes, retrieve balls, throw batting practice) during practice or competition involving student-athletes on a regular basis. Finally, the creation of a separate definition for this position will be helpful in outlining and distinguishing their duties from other positions in the legislation.

Proposal 2009-15

PERSONNEL -- -- NONCOACHING ACTIVITIES --
NONCOACHING ATHLETICS STAFF MEMBER WITH
SPORT-SPECIFIC RESPONSIBILITIES

- **Intent:** To permit **non-coaching staff** with sport-specific responsibilities to **participate in organized activities involving only the coaching staff or administrative duties** (e.g., attend meetings involving coaching activities, analyze video of the institution's or an opponent's team, track statistics during practice or competition).

- **Effective date:** Immediate

Proposal 2009-15

- Rationale:** This proposal was developed as a result of feedback received from the membership and constituent groups. The feedback indicated some confusion regarding the application of the legislation governing non-coaching activities, such as attendance at coaches meetings and analyzing video of the institution's team or that of an opponent. Participation in these activities does not result in such a significant advantage that non-coaching staff members with sport-specific responsibilities should be precluded from participation in them.

- (Continued on next slide)→

Proposal 2009-15

•**Rationale:** This proposal establishes a limited exception to the general rule related to non-coaching activities, while retaining the restrictions that staff members who are not coaches may not be identified as coaches, may not participate in instructional activities with SA and may not engage in off-campus recruiting activities.

It is permissible for non-coaching staff members with sport-specific responsibilities to attend practice and competition, to be in the team bench or sideline area and perform administrative duties (e.g., track statistics, run clock, take notes for coaching staff).

Proposal 2009-18

-- NONCOACHING STAFF MEMBERS AND NONCOUNTABLE COACHES -
- TELEPHONE CALLS IN CONJUNCTION WITH OFFICIAL VISIT

•**Intent:** To permit a **non-coaching staff member** or a non-countable coach **to initiate telephone calls to and receive telephone calls** from a PSA or those individuals accompanying the PSA during the PSA's **official visit transportation and during his/her official visit**; further; to specify that athletics department staff members may make unlimited telephone calls to the PSA or those individuals accompanying the PSA during the PSA's official visit transportation and during his/her official visit.

•**Effective date:** August 1, 2010

Proposal 2009-18

•**Rationale:** This proposal allows an athletics department staff member to more easily locate a PSA at the airport and allows the PSA to call the institutional staff member he/she is meeting at the airport in the case of an emergency or in the case of any travel alterations. In many situations, the PSA will be traveling alone for the visit and will not be familiar with the airport, resulting in confusion concerning meeting locations or delay in arrival. Allowing telephone communication with the specific staff member will prevent any unnecessary concern by the PSA during travel to the institution's campus. Providing additional flexibility to permit any athletics department staff member to make or receive telephone calls during this specified time period will permit institutions to be more responsive to the needs of PSA while on official visits or while in transit for the visit.

Proposal 2009-22

AMATEURISM AND ELIGIBILITY -- INVOLVEMENT WITH PROFESSIONAL TEAMS -- EXCEPTION -- PRIOR TO INITIAL FULL-TIME COLLEGIATE ENROLLMENT -- DELAYED ENROLLMENT -- SEASONS OF COMPETITION -- SPORTS OTHER THAN MSK

•**Intent:** In sports other than SKIING, to specify that prior to initial full-time collegiate enrollment, an individual may enter into an agreement to compete on a professional team and compete on a professional team, **provided the agreement does not guarantee or promise payment (at any time) in excess of actual and necessary expenses to participate on the team**; further, in sports other than SKIING, TENNIS, and WVB to specify that a SA who does not initially enroll full-time in a collegiate

institution within 1 year

Proposal 2009-22

AMATEURISM AND ELIGIBILITY -- INVOLVEMENT WITH PROFESSIONAL TEAMS -- EXCEPTION -- PRIOR TO INITIAL FULL-TIME COLLEGIATE ENROLLMENT -- DELAYED ENROLLMENT -- SEASONS OF COMPETITION -- SPORTS OTHER THAN MEN'S ICE HOCKEY AND MSK

(six months for tennis) or the next opportunity to enroll following the HS graduation date of the PSA's class and participates in organized events after the specified time period shall be charged with a season of competition **for each year** of participation and shall have to sit a year in residence (one year for each year of competition in tennis) on matriculation at the certifying institution before being eligible to compete.

- Effective date: August 1, 2010

Proposal 2009-22

- **Rationale:** Prior to initial collegiate enrollment, it is more equitable to determine eligibility based on the circumstances as they relate to the individual PSA, as opposed to his/her teammates. This revision would alleviate the situation in which a PSA's eligibility is jeopardized due to a teammate receiving remuneration above actual and necessary expenses, even though the PSA may be unaware of this arrangement and does not receive more than actual and necessary expenses for participation on the team.
- Under this approach, an institution would no longer be required to determine whether a team is considered professional. Instead, the focus would be on the individual's specific circumstances and →

Proposal 2009-22

•**Rationale:** eligibility would be assessed using the threshold of receipt of more than actual and necessary expenses. The competitive equity issues related to participation in organized competition would be addressed by applying the delayed enrollment seasons of competition legislation, which currently apply only to tennis, swimming and diving, and WVB.

For tennis, the decrease in the length of time during which PSA may compete in organized tennis will place emphasis on the importance of academics and level the playing field by ensuring relatively similar competitive opportunities prior to college.

Proposal 2009-23

AMATEURISM AND AWARDS, BENEFITS AND EXPENSES --
EXCEPTIONS TO AMATEURISM RULE -- BENEFITS, GIFTS AND
SERVICES -- INSURANCE AGAINST DISABLING-INJURY OR ILLNESS

- Intent:** To specify that an institution's chancellor may designate an institutional staff member (or staff members) to assist a SA with arrangements for securing a loan against future earnings potential for the purpose of purchasing insurance against a disabling injury or illness and to assist with arrangements for securing such insurance.

- Effective date:** Immediate

Proposal 2009-23

•**Rationale:** There is a growing trend within the community of agents and financial advisors to arrange disabling-injury insurance policies and loans for SA for recruiting purposes. Allowing institutional staff members, including the institution's professional sports counseling panel, to assist SA with these arrangements would eliminate improper third-party involvement and would alleviate the pressures on SA to seek out this assistance from such third parties. It would continue to be impermissible for a representative of athletics interests to provide such assistance.

Proposal 2009-26

RECRUITING -- DEFINITIONS AND APPLICATIONS -- DEAD PERIOD -
- EXCEPTION -- UNOFFICIAL VISIT AFTER NATIONAL LETTER OF
INTENT SIGNING OR OTHER WRITTEN COMMITMENT

•**Intent:** To specify that a PSA who has signed a NLI is permitted to make an unofficial visit during a dead period to the institution with which he/she has signed the NLI; further,

for a PSA who is not eligible to sign the NLI, a PSA is permitted to make an unofficial visit during a dead period, provided he/she has signed the written offer of admission or financial aid, or the institution has received a financial deposit from the PSA in response to an offer of admission.

Effective date: August 1, 2010

Proposal 2009-26

•**Rationale:** Each year, situations arise in which a PSA visits a campus at his/her expense during a dead period and has contact with an institutional coach, resulting in a violation. If the PSA already has signed a NLI, the inadvertent contact results in a "paper work" violation. For institutions that do not subscribe to the NLI or for PSA who are not eligible to sign an NLI, if the PSA has signed a financial aid agreement, or written offer of admission or has provided a financial deposit to the institution, the contact would also be considered a "paper work" violation. Creating this exception does not compromise the original intent of the dead period rule and it provides reasonable flexibility. Further, minimal impact on recruiting is expected since official visits are still prohibited during a dead period and the recruiting process would have effectively ended for those PSA who might take advantage of this exception to the current rule.

Proposal 2009-33

RECRUITING -- TELEPHONE CALLS -- EXCEPTION -- UNLIMITED AFTER RECEIPT OF FINANCIAL DEPOSIT

- Intent:** To specify that on or after May 1 of a PSA's senior year in high school, there shall be no limit on the number of telephone calls by an institution to the PSA, provided the institution has received a financial deposit in response to the institution's offer of admission.

- Effective date:** Immediate

Proposal 2009-33

- Rationale:** Pursuant to recently adopted legislation, a PSA may receive unlimited forms of electronically transmitted correspondence on or after May 1 of his/her senior year in high school if a tuition or housing deposit has been received by the institution. By allowing unlimited telephone calls as well, institutions will have the flexibility to communicate with such PSA in the most appropriate and/or preferred method.

Proposal 2009-43

RECRUITING -- RECRUITING MATERIALS -- ELECTRONIC TRANSMISSIONS -- EXCEPTION -- AFTER RECEIPT OF FINANCIAL DEPOSIT

- **Intent:** To specify that on or after May 1 of a PSA's senior year in high school, there shall be no limit on the forms of electronically transmitted correspondence that may be sent by an institution to the PSA, provided the institution has received a **financial deposit** in response to the institution's offer of admission.

- **Effective date:** August 1, 2010

Proposal 2009-43

•**Rationale:** Current legislation allows institutions to send any form of electronically transmitted correspondence (e.g., text messages) to a non-scholarship SA on or after May 1 of his or her senior year in high school if the incoming PSA has submitted a room deposit or tuition deposit to the institution in response to an offer of admission. Some institutions do not require specific room or tuition deposits. The change contemplated in this proposal is reasonable and it meets the overall intent of the current legislation.

Proposal 2009-44

RECRUITING -- RECRUITING MATERIALS -- VIDEO/AUDIO MATERIALS AND COMPUTER GENERATED RECRUITING PRESENTATIONS

- **Intent:** To specify that an institution may produce video or audio material to show to, play for or provide to a PSA, provided such material includes only general information related to an institution or its athletics programs and is not created for recruiting purposes; further, to specify that a computer generated recruiting presentation may include general informational video/audio material that relates to an institution or its athletics programs and is not created for recruiting purposes.

- **Effective date:** Immediate

Proposal 2009-44

•**Rationale:** The rationale for the current restrictions on the use of audio and video material in the recruiting process relate to recruiting equity and costs. As a result of technological advances, recording, producing, posting, sharing and accessing video has become fairly simple and inexpensive. Consequently, nearly all institutional athletics department Web sites now include some form of video content (e.g., interviews, press conferences, competition highlights, live or archived contests, facility tours). →

Proposal 2009-44

•**Rationale:** → It is currently permissible to post such video material to an institution's Web site, provided it is not created for recruiting purposes and is considered general information in content and is generally accessible. Therefore, it is appropriate and reasonable that video and audio material that may be shown to, played for and provided to PSA (including via computer generated recruiting presentations) should be subject to similar standards.

Proposal 2009-51-B

RECRUITING -- CAMPS AND CLINICS -- INSTITUTION'S SPORTS
CAMPS AND CLINICS -- LOCATION RESTRICTION -- SPORTS OTHER
THAN FB

•**Intent:**  In sports other than FB, to specify that an institution's camp or clinic shall be conducted on the institution's campus or within a 100-mile radius of the institution's campus.

•**Effective date:** Immediate; a contract signed before September 17, 2008, for MBB camps may be honored; a contract signed before September 16, 2009, for WBB camps may be honored; a contract signed before October 20, 2009, for all other sports may be honored.

Proposal 2009-51-B

- Rationale:** Current legislation does not place restrictions on the location of institutional camps or clinics in sports other than FB. Requiring institutions to conduct their camps or clinics on campus or within a reasonable distance from campus will address concerns that camps that occur significant distances from an institution's campus are being conducted for recruiting purposes. In addition, this proposal will reduce institutional expenses and burdens on institutional personnel.

Proposal 2009-56

RECRUITING -- USE OF RECRUITING FUNDS -- RECRUITING OR SCOUTING SERVICES -- CRITERIA FOR SUBSCRIPTION

- Intent:** To establish additional criteria that must be satisfied in order for an institution to subscribe to a recruiting or scouting service involving PSA, as specified.

- Effective date:** Immediate

Proposal 2009-56

•**Rationale:** Currently, recruiting or scouting services are only required to meet minimal requirements in order for institutions to subscribe to them. For example, a published recruiting or scouting service only needs to be regularly published and available at the same fee rate for all subscribers. There has been a proliferation of recruiting services, particularly in the sport of MBB, that do not provide information consistent with the original intent of the legislation. Many of the operators of the recruiting or scouting services are tied directly to teams or events involving highly skilled prospective SA and concerns have been expressed that the service is being used as leverage in the recruiting process. →

Proposal 2009-56

•**Rationale:** → In some instances, the service merely provides demographic information that is available from other sources or in other instances, no information that would assist in the evaluation of talent. The perception is that unless an institution subscribes particular services, it will be disadvantaged in attempts to recruit PSA linked with the recruiting-service operators. This proposal acknowledges the overall value of recruiting services and protects the integrity of the recruiting process by reinforcing the intent of the original legislation.

Proposal 2009-63

ELIGIBILITY -- SEASONS OF COMPETITION -- CRITERIA FOR DETERMINING SEASON OF COMPETITION -- ALUMNI GAME, FUNDRAISING ACTIVITY OR CELEBRITY SPORTS ACTIVITY

- **Intent:** To specify that a SA may engage in outside competition in either one alumni game, one fundraising activity or one celebrity sports activity during a season without counting such competition as a season of competition, provided the event is exempted from the institution's maximum number of contests or dates of competition as permitted in the particular sport per NCAA Bylaw 17.

- **Effective date:** August 1, 2010

Proposal 2009-63

•**Rationale:** This proposal is consistent with the philosophy of SA well-being. Alumni games, fundraising activities and celebrity sports activities are not designed to provide a competitive advantage. They are intended to promote goodwill within the institution's local community, as well as to generate the necessary financial donations for the different sports programs. Allowing more SA to compete in these events would help institutions to meet their financial goals. The limitation of one event is necessary to prevent institutions from using these types of events as tryouts.

Proposal 2009-64

ELIGIBILITY -- FRESHMAN ACADEMIC REQUIREMENTS -- CORE-CURRICULUM REQUIREMENTS -- NONTRADITIONAL COURSES

- **Intent:** To specify that for purposes of using a nontraditional course to satisfy NCAA core-course requirements, the course must be one in which the instructor and the SA have ongoing access to one another and regular interaction with one another for purposes of teaching, evaluating and providing assistance to the SA throughout the duration of the course; the SA's work (e.g., exams, papers, assignments) is available for review and validation; and a defined time period for completion of the course is included.

- **Effective date:** August 1, 2010; for student-athletes initially enrolling full time in a collegiate institution on or after August 1, 2010

Proposal 2009-64

•**Rationale:** Current legislation permits the use of nontraditional courses (courses taught via the Internet, distance-learning, independent-study, individualized-instruction, correspondence or similar means) to satisfy NCAA initial-eligibility requirements, provided certain conditions are satisfied. The recent increase in the prevalence of nontraditional courses has created a number of challenges in the determination of initial eligibility for PSA, particularly related to ensuring that courses are academically sound and meet the NCAA definition of core courses. Additional challenges are presented by the emergence of institutions providing courses that are not regulated by a regional accrediting agency or state educational authority. →

Proposal 2009-64

•**Rationale:** → After consultation with the NCAA Student Records Review Committee and NCAA High School Review Committee, this recommendation is intended to help ensure that acceptable nontraditional courses provide opportunities for SA to demonstrate their work was completed in a manner consistent with the intent and design of the core-course curriculum requirements. This legislation will allow the NCAA Eligibility Center to determine which courses and institutions are acceptable to satisfy initial-eligibility standards with the ultimate goal of ensuring that PSA are enrolled in quality courses that satisfy the intent of the core-curriculum requirements and prepare PSA for college academic work.

Proposal 2009-69

FINANCIAL AID -- MAXIMUM INSTITUTIONAL GRANT-IN-AID
LIMITATIONS BY SPORT -- EQUIVALENCY COMPUTATIONS --
EXCEPTIONS -- ACADEMIC HONOR AWARDS -- TRANSFER SA

- **Intent:** To specify that institutional academic honor awards that are part of an institution's normal arrangements for academic scholarships, either based solely on the recipient's cumulative academic record from all collegiate institutions previously attended or based on the recipient's high school record and cumulative academic record from all collegiate institutions previously attended, awarded independently of athletics interests and in amounts consistent with the pattern of all such awards made by the institution, may be exempted from a... →

Proposal 2009-69

FINANCIAL AID -- MAXIMUM INSTITUTIONAL GRANT-IN-AID
LIMITATIONS BY SPORT -- EQUIVALENCY COMPUTATIONS --
EXCEPTIONS -- ACADEMIC HONOR AWARDS -- TRANSFER SA

...team's equivalency computation, provided the recipient achieved a cumulative transferable grade-point average of at least 3.300 (based on a maximum of 4.000).

•Effective date: August 1, 2010

Proposal 2009-69

•**Rationale:** Under current legislation, academic scholarships awarded by the certifying institution that are based solely on the high school record may be exempted from a SA's equivalency computation, provided specific academic standards are met. This proposal would provide a similar exception for transfer SA who have demonstrated academic success at a previous collegiate institution and would allow the SA to accept such scholarships without impacting team limits. The proposed GPA standard is modeled after the GPA required for a continuing SA's institutional academic scholarship to be exempted from an equivalency computation. Finally, the proposed GPA requirement may only consider grades earned in all courses that are normally transferable to the certifying institution, regardless of the grade earned or whether such a grade makes the course unacceptable for transfer degree credit.

Proposal 2009-72

AWARDS, BENEFITS AND EXPENSES -- EXPENSES FOR SA'S RELATIVES -- REASONABLE REFRESHMENTS

- **Intent:** To specify that an institution may provide the family (e.g., parents or legal guardians, relatives (brother/sister/grandma, grandpa, etc.) of a SA with reasonable refreshments (e.g., soft drink, snacks) in conjunction with educational meetings or celebratory events (e.g., senior night) and on an occasional basis for other reasons.

- **Effective date:** Immediate

Proposal 2009-72

•**Rationale:** Frequently, NCAA legislation affects not only a SA, but his or her parents and family members. Thus, it is critical that institutions be able to take advantage of the limited opportunities they have to educate parents and families. These educational opportunities typically are scheduled in conjunction with a sport-related event for which the family is already on campus. In these circumstances, it is very common that the parents are accompanied by the SA's siblings, grandparents or other immediate family members. Similarly, the types of celebratory events at which institutions provide refreshments are events that the SA's entire family attends (e.g., opening day, senior night). →

Proposal 2009-72

•**Rationale:** → However, under the current rules, the options available to an institution in these circumstances are to provide no refreshments, provide refreshments but prohibit any family member other than a parent or legal guardian from attending, or permit all family members to come and provide refreshments but have staff patrol the event to ensure that no impermissible individuals consume the refreshments. None of these options is hospitable or practical. Providing more flexibility in this rule will enhance institutions' opportunities to provide much-needed rules education to parents and families and improve the SA experience during these family-centered events.

Proposal 2009-76

PLAYING AND PRACTICE SEASONS -- TIME LIMITS FOR
ATHLETICALLY RELATED ACTIVITIES -- ADDITIONAL RESTRICTIONS
-- COUNTABLE ATHLETICALLY RELATED ACTIVITIES BETWEEN
MIDNIGHT AND 5 A.M.

- **Intent:** To specify that countable athletically related activities shall not occur between midnight and 5 a.m., except for during participation in a conference championship or an NCAA championship, in any competition that begins prior to midnight and concludes after midnight, or a promotional practice activity (e.g., first practice of the season).

- **Effective date:** Immediate

Proposal 2009-76

•**Rationale:** Currently, some coaches require that student-athletes participate in countable athletically-related activities between the hours of midnight and 5 a.m. Engaging in athletics activities during these hours can be detrimental to the health of SA. A proper amount of sleep is vital to success and exercising late at night or early in the morning could negatively affect SA, both on and off the field. Being forced to perform at a high athletic level when the mental and physical state of a SA is already weakened increases the risk of injury or illness.

Proposal 2009-76

•**Rationale:** → Further, SA are encouraged to eat following workouts to refuel their bodies. These late night workouts force SA to eat late at night, further reducing the proper amount of sleep they receive and detrimentally affecting their diets. Finally, countable athletically related activities held in the middle of the night may jeopardize a SA's academic performance by preventing him or her from obtaining a good night's rest before a test, or causing the SA to fall asleep during class.

Proposal 2009-86

ATHLETICS CERTIFICATION -- MANDATORY SELF-STUDY AND EXTERNAL PEER REVIEW -- ACADEMIC INTEGRITY -- ACADEMIC STANDARDS -- RETENTION

- **Intent:** To eliminate the requirement that the retention rate of SA, as a whole, be compared to other student-body groups.

- **Effective date:** Immediate

Proposal 2009-86

- Rationale:** Many institutions do not have data related to the retention of the student body generally or comparable student-body groups. Requiring institutions to compare retention rate data of SA with the student body generally or with comparable student body subgroups places an undue burden on those institutions that do not compile these data for other purposes.

NONINSTITUTIONAL CAMPS

Who can work them?

- Anyone can work non-institutional camps
EXCEPT Men's Basketball

Step 1

Fill out the top 1/3 of the "Noninstitutional Camp Form" from the CU Compliance Office.

University of Colorado
*Office Athletics Compliance and
Financial Aid*

Non-institutional Camp/Clinic Private Camp Approval

This form, when completed by the coach, will be used to ensure that all NCAA regulations regarding camps/clinics have been met.

Coach Requesting Approval:	Julie Manning	Dates of the Camp/Clinic:	June 15-18
Name of Camp/Clinic	CGCA Development Camp	Location of the Camp:	Colorado Springs, CO
Name of Owner/Operator of the Camp/Clinic:	Hale Irwin		
Owner/Operator Work Phone:	(303) 555-1234	Email:	Hale.irwin@cgca.org
		Fax:	(303) 555-4321

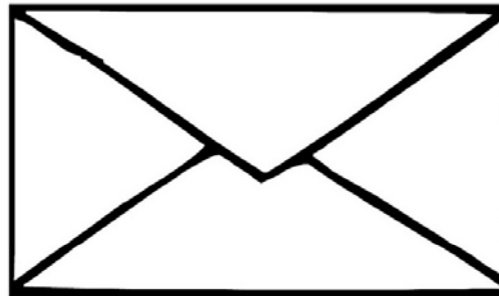

To Be Filled Out By The Camp/Clinic Owner/Operator — Check All That Apply

- The camp/clinic is not established, sponsored or conducted by an individual or organization that provides recruiting or scouting services concerning prospects.
- The purpose of the camp/clinic is designed to improve overall skills through specialized instruction and not a tryout camp devoted primarily to agility, flexibility, speed or strength tests.
- The camp/clinic is open to any and all entrants. (It may be limited by number and age but cannot select participants on

Step 2

Send the form with the completed top 1/3 to the non-institutional camp owner/operator. Can be done via fax, mail, or email

University of Colorado Office of Student Compliance and Fairness Act		Non-institutional Camp/Club Private Camp Approval	
This form, when completed by the coach, will be used to ensure that all NCAA regulations regarding competition have been met.			
Coach Reporting Approval		Date of the Camp/Club	
Name of Camp/Club		Location of the Camp	
Name of Coach/Operator of the Camp/Club			
Coach/Operator Contact Information			
Work Phone	Home Phone	Fax	
To be filled out by the Camp/Club Owner/Operator - Check all that apply			
<input type="checkbox"/> The camp/club is not affiliated, sponsored or conducted by an individual or organization that provides training or coaching services concerning sports.			
<input type="checkbox"/> The purpose of the camp/club is designed to improve overall skills through specialized instruction and not a team camp derived primarily to gain. Recruits, spend or strength fees.			
<input type="checkbox"/> The competition is open to an unlimited number of athletes. (It may be limited by number and age but cannot select participants in an exclusive only basis or reserve spots for specific prospects.)			
<input type="checkbox"/> The organization does not require or give free or reduced admission to any high school, prep school or two-year college level athlete or University of Colorado athlete.			
<input type="checkbox"/> The cost of meals provided from the camp/club are included in the admission fees charge to the participants.			
<input type="checkbox"/> A facility representing Colorado's educational interests is not providing any prospect's expenses to attend.			
<input type="checkbox"/> The camp/club does not provide or arrange for a prospect or student athlete to operate a motor vehicle in all states visited or in connection with the camp/club.			
<input type="checkbox"/> There will be no monetary incentives (i.e., gratuities, highlight videos, etc.) at the camp/club.			
<input type="checkbox"/> Recruits & Recruits Only: The camp/club will never bring home, take or accept.			
<input type="checkbox"/> Recruits Only: Home services will not be provided (and/or returned) provided or returned to participants.			
<input type="checkbox"/> Recruits Only: This camp/club does not offer the sale of tickets.			
<input type="checkbox"/> Recruits Only: The camp/club includes an educational session detailing NCAA initial-eligibility regulations.			
<input type="checkbox"/> Recruits Only: High school prospects will not arrive in dormitories at the club.			
Signature of Coach		Signature of Camp/Club Owner/Operator	
Please send or fax to Compliance Office, Suite 1 - Palmer Hall, UCB 571, Boulder, CO 80509 Fax: (303) 441-3000			
Approval: <input type="checkbox"/> Yes, the camp/club is allowed		<input type="checkbox"/> No, the camp/club is not allowed	
Signature of Compliance Officer		Date	
Institution Name: _____			

Step 3

Ask the Camp Owner/Operator to fill out/complete the bottom 2/3 of the form. Also ask them to sign the bottom and send it back to you

 University of Colorado Office Athletics Compliance and Financial Aid		Non-institutional Camp/Clinic Private Camp Approval	
This form, when completed by the coach, will be used to ensure that all NCAA regulations regarding camps/clinics have been met.

Coach Requesting Approval:	Dates of the Camp/Clinic:
Name of Camp/Clinic	Location of the Camp:
Name of Owner/Operator of the Camp/Clinic:	
Owner/Operator Contact Information: Work Phone: _____ Email: _____ Fax: _____	

To Be Filled Out By The Camp/Clinic Owner/Operator — Check All That Apply

- The camp/clinic is not established, sponsored or conducted by an individual or organization that provides recruiting or scouting services concerning prospects.
- The purpose of the camp/clinic is designed to improve overall skills through specialized instruction and not a tryout camp devoted primarily to agility, flexibility, speed or strength tests.
- The camp/clinic is open to any and all entrants. (It may be limited by number and age but cannot select participants on an invitation only basis or reserve spots for specific prospects.
- The camp/clinic does not employ or give free or reduced admission to any high school, prep school or two-year college award winners or University of Colorado recruits.
- The cost of awards received from the camp/clinic are included in the admission fees charge to the participants.
- A booster representing Colorado's athletics interests is not paying any prospect's expenses to attend.
- The camp/clinic does not permit or arrange for a prospect or student-athlete to operate a concession to sell items related to or associated with the camp/clinic.
- There will be no recruiting activities (i.e., presentations, highlight videos, etc.) at the camp/clinic.
- Football & Basketball Only:** The camp/clinic will occur during June, July or August.
- Football Only:** Senior prospects will not be employed (paid or volunteer), enrolled or allowed to participate.
- Football Only:** This camp takes place within the state of Colorado
- Basketball Only:** The camp/clinic includes an educational session detailing NCAA initial-eligibility regulations.
- Coaches Clinic:** High school prospects will not serve as demonstrators at the clinic.

SPEAKING ENGAGEMENTS

Speaking Engagements

A coach may speak at a meeting or banquet at a prospective student-athlete's educational institution *outside of a contact period* or may speak at such a meeting or banquet during a contact period.

Counting Contacts/Evaluations

It will not count as a contact/evaluation if:

- The meeting or banquet is initiated and conducted by the educational institution;
- No recruiting presentation
- No direct contact with any PSA (or a PSA's parents or legal guardians)
- No evaluation activities.

Contacts/Evals in BB & FB

- Basketball
 - Use CU's once-per-week visit to a PSA's educational institution and uses an evaluation for all basketball prospective student-athletes at that educational institution.
 - A contact is not used if a recruiting presentation is not made and no direct contact with any prospective student-athlete is made
- Football
 - Uses one of CU's six in-person, off-campus recruiting contacts

Away from PSA Institution

- A coach may speak at a meeting or banquet at which prospective student-athletes are in attendance at a location other than a prospective student-athlete's educational institution
- Restrictions from banquets at a PSA institution apply.

Noncoaches

- Noncoaching staff members with sport-specific responsibilities may not attend or speak at banquets and meetings that are conducted primarily to recognize prospects
- PSA's can be honored, but it cannot be the focus of the event.
 - Colorado Sportsman of the Year

Coaches Clinics

- A CU coach can speak at a coaches' clinic held at a PSA's educational institution outside a contact period all other restrictions are followed
- Not permissible to engage in recruiting activities
- Not permissible to attend in any capacity other than a speaker, outside of a contact period

Fundraising Banquets for PSAs

- A coach may speak at a banquet for PSA's in which fund-raising activities also occur only if *fund-raising activities are not the primary purpose for conducting the banquet or meeting*

Fundraising Activities for PSAs

- If fundraising is the main focus you can attend (as opposed to speak) if:
 1. The staff members could play no active role in fund-raising activities
 2. The attendance of the staff members at the event could not be publicized in advance;
 3. No contact with PSAs or parents of prospective student-athletes would be permitted outside the permissible contact period
 4. Conversations could not include recruiting information or contain a recruiting presentation

Outside Income

- Speeches given to outside businesses (e.g. Omni, Wells Fargo) where you are compensated must be included in your outside income statements.

General Athletics Staff

- Administrative personnel (e.g., the director of athletics) or enrolled student-athletes would not be restricted if:
 - No direct contact with a prospective student-athlete
 - Do not make a recruiting presentation in conjunction with their appearance at the meeting or banquet

College Nights

- Coaches can attend a “College Night” with the CU Office of Admissions
- Can only talk to PSAs who can be contacted off-campus
 - September 1, Senior Year.
- Admissions can talk to anyone

Nonathletics Speeches

- May speak at nonathletics banquets or meetings (e.g., Rotary Club, Kiwanis Club) during contact and noncontact periods when:
 1. The meeting or banquet is open to the general public
 2. The attendees are not limited only to high school or junior college athletes
 3. There is no direct contact between the staff member and any prospect attending the meeting or banquet
 4. The staff member does not make a recruiting presentation.

Compliance Quote

That some achieve great success, is proof to all that others can achieve it as well.
