ON THE RANGE...

The inaugural **Pac-12 Conference Golf Championship** will be held at **Trysting Tree Golf Club** in Corvallis, Ore., April 27-29, with play beginning at 9 a.m. (MDT) on day one ... The Pac-12 meet is different than most, as each team has six players with the top five counting toward the team score; it's the first time this season that CU will participate under this format, as well as the first time ever in a league championship; the league also rotates hosts among the 12 member schools instead of just three sites as in the Big 12 ... The championship will be four rounds (72 holes), with the 72 competitors to play 36 holes on Friday (April 27) and then 18 on Saturday and Sunday ... CU finished third in both its first Big 7 (1948) and Big 8 (1958) meets, but was 11th in the inaugural Big 12s (1997) ... Colorado enters the meet ranked No. 72 by both *Golfweek* and GolfStat in the most recent rankings (after being ranked as high as No. 10 one month into the season) ... CU is 91-66-3 against Division I competition, clinching a better than .500 record and thus has met the first criteria for selection into the NCAA Regionals (May 17-19) ... Colorado is 10-24 versus Pac-12 schools in 2011-12, participating in tournaments with all 11 other league members at least once ... USC is the defending champion; how competitive was the 2011 Pac-10 meet? Only 49 strokes separated first and 10th, and that's with a scoring format that includes five players ... Opening pairings are by a random draw (sans the defending champ, which opens in the first groups on No. 1); Colorado is paired with Stanford and Washington State and will tee off on No. 1 at from 10-10:50 a.m. MDT (Round 1) and from 3-3:50 p.m. (Round 2) ... Trysting Tree Golf Club boasts a 7,030-yard, par-72 layout; a unique feature of the course is that the par-5s on the back nine come in succession (Nos. 14 & 15) ... UCLA will host the 2013 Pac-12 Championship at Los Angeles Country Club (North course) next April 29-May 1.

OFF THE TEE...

CU competed in the Big 12 Conference for the last 15 years, generally considered the second or third toughest golf conference annually. But now the Buffs are a member of without a doubt the strongest league in the nation, as the Pac-12 has boasted six of the nation's top 12 teams throughout the entire 2011-12 season. CU posted its best finish in the Big 12 meet in 2009, grabbing runner-up honors at Prairie Dunes after entering the final nine holes tied with Oklahoma State. The Buffaloes' last conference title came in 1968, winning the Big 8 title (ironically the season *after* **Hale Irwin** graduated), and won two Big 7 titles (1954, 1955); those are CU's three titles in Big 7-8-12 play from 1948-2011, along with eight second place efforts. Colorado has finished last just once in a conference meet in its storied history, in its second year in the Big Seven (1949).

ROSTER

Colorado will be represented by one senior, four juniors and a true freshman in the 2012 Pac-12 title meet. The team has been in the unique situation of losing a senior to professional golf at the semester break: **Sebastian Heisele** graduated in December and opted to pursue a pro career overseas as he is a citizen of the UAE; he was battling Kevin Kring for the team's No. 1 spot). The six players representing CU in this year's championship (ranked by position):

No.	Player	Ht.	Wt.	Class	Exp	Hometown (High School)
1	Kevin Kring	6- 1	170	Sr.	4L	Springfield, Mo. (Central)
2	Derek Fribbs	6- 0	160	Jr.	3L	Castle Rock, Colo. (Douglas County)
3	Beau Schoolcraft	5- 9	170	Jr.	1L	Englewood, Colo. (Kent Denver/UCLA)
4	Jason Burstyn	6- 0	170	Jr.	3L	Miami, Fla. (Palmetto)
5	David Oraee	5-11	165	Fr.	1L	Greeley, Colo. (Greeley West)
6	Johnny Widmer	6- 0	200	Jr.	3L	George Town, Cayman Islands (Bradenton, Fla. Prep)

Kring played in three Big 12 Championships, while Burstyn appeared in two and Fribbs and Widmer one; Schoolcraft played in the Pac-12 tournament when he was a freshman at UCLA in 2009. Kring owns the best finish in a league by any of this year's participants, tying for 12th (78-71-77-70—296) at Prairie Dunes in 2009 when he was a true freshman. His final round 70, along with a second round 70 by Burstyn in 2010 were the best by a CU freshman in a league meet since **Steve Jones** shot 70 in the last round of the 1978 Big 8 Championship; those are the low rounds by a rookie Buff in a league meet.

The youngest squads ever to play in a league championship for the Buffaloes were in 2003 (three freshmen, one junior and one senior) and 2010 (two freshmen, two sophomores, one senior). Both groups earned a collective 10 letters. This year's sextet has earned 15 letters.

FRESHMEN IN THE LEAGUE MEET The highest finish by a freshman, true or redshirt, in a league meet came in the 1979 Big Eight Championships, when **Rick Cramer** finished second; **Steve Jones** was third as a frosh the previous year (both were true freshmen). **Derek Fribbs** was the last true CU frosh to compete in a league championship (2010 Big 12), tying for 36th at Whispering Pines (Texas); **Kevin Kring** as a true frosh tied for 12th in 2009. Two freshmen have participated several times, most recently in the 2010 Big 12s, with **Jason Burstyn** as a redshirt joining Fribbs; he tied for 30th. The best two-frosh effort came in 2000, when **Kane Webber** and **Stephen Carroll** tied for 11th. Including this year, CU will have had at least one freshman compete in seven of its last 10 conference meets.

FINAL HURRAH

Junior **Johnny Widmer** is on schedule to graduate this summer with a degree in Sociology, and has announced that he will not return as a fifth-year senior in 2012-13. Widmer, a native of the Cayman Islands, was awarded CU's Clancy A. Herbst, Jr., Award for the 2010-11 academic year for overcoming personal, academic or emotional difficulties to succeed both academically and athletically. He qualified as CU's sixth man for the Pac-12 Championship, which will be just his third tournament of the year, his first where his score can count toward the team total. If CU advances to the NCAA's, where the format calls for five players with four scoring, he figures to be the odd man out; so this could very well be his last hurrah as a collegian.

HEAD COACH ROY EDWARDS

Roy Edwards is now in his sixth season as head coach of the University of Colorado men's golf team, having been named to the position on July 14, 2006, following in the footsteps of the only two coaches the program had ever known over a span of six decades.

Edwards, 35, is just the third full-time men's golf coach in Buffalo history. He came to CU with an impressive pedigree, joining the Buffaloes from his alma mater, the University of Kansas, where he had served as the assistant for both the men's and women's programs for the previous four years (2002-06). He held the same position at Vanderbilt University for a year prior to returning to KU.

Edwards replaced the late Mark Simpson, who passed away from complications due to lung cancer in December 2005. Simpson had held the post since 1977, when he followed in the footsteps of his college head coach, Les Fowler. Fowler took over as player-coach in 1948 and remained on board until Simpson, his assistant, replaced him. Thus, Edwards is only the program's third full-time head coach since 1948.

Edwards has led the Buffaloes through the waters of the most daunting task in CU golf history: the Buffaloes joined the Pac-12 Conference on July 1, 2011 and instantly became a member of the most prestigious men's golf conference in the nation. As many as seven schools have regularly occupied the top 30 over the last several seasons. The Buffs have responded with two tournament wins and a runner-up finish, just the fifth time CU has had at least three top-3 finishes in a season, and the team is challenged several longstanding school stroke average records, both individually and as a team.

It took less than three years for Edwards to put his stamp on the CU golf program, perhaps in no bigger way than completing the dream of his two predecessors. One of the few major golf programs in the nation without its own true home golf course and facilities, Edwards played an integral part in working with Colorado alum Steve Kerr in the latter's acquisition of Vista Ridge Golf Club in Erie in early 2009. The club officially became Colorado National Golf Club in March of that year and now serves as the official home for the university's men's and women's golf teams. CNGC hosted a NCAA men's regional in 2011 and will do the same in 2012 for the women, and a state-of-the-art practice facility at the course was completed in the winter of 2011-12 that matches any in the nation.

He also initiated the Colorado Partners program, a group that has quickly grown to 100 members who contribute financially to augment the school's golf budget, and established the Mark Simpson Colorado Golf Day which is an annual celebration and fundraiser for CU golf.

On the course, the team has enjoyed success and endured some struggles. The Buffs stormed out of the gate to win its first two fall tournaments in the 2011-12 season, their own Mark Simpson Invitational and Air Force's Miranda Invitational; the victories propelled CU to an early No. 10 national ranking.

The 2009-10 and 2010-11 teams, his fourth and fifth, respectively, had their moments but did not advance to the NCAA's. The Buffs finished ninth and 10th in their last two appearances in the Big 12 Conference meet. The disappointments only created more resolve in the program and thus the turnaround in year six.

His third Buffalo team (2008-09) sported one of the nation's dynamic duos in Patrick Grady and Derek Tolan, as each won two tournaments and combined for 14 top 10 finishes. But the team was also balanced as a whole, with 32 top 20 performances posted by seven different golfers, and recorded a 74.06 stroke average, second lowest in school history (topped only by 73.77 in 2003-04). The Buffs posted 11 top 10 finishes in major tournaments, the second-most in school history that included a record-tying seven in the top five, and highlighted by a 34-stroke win in the DU-Ron Moore and three runner-up finishes in the USF Olympic Club, Western Intercollegiate and its own CU-Stevenson Ranch Invitational.

In earning a fourth straight trip to the NCAA's, in the Big 12 Championships, the Buffs posted their best conference finish in 28 years when they took second place; it tied for the largest improvement from one season to another in Big 12 history after finishing 10th in 2008 (CU moved from 11th to 3rd from 1997 to 1998 as did Missouri on one occasion). The Buffs were in the hunt for the title until the back nine of the fourth and final round, when Oklahoma State finally was able to get some distance and eventually won by 14 shots.

His second team ('07-08), became just the third in school history to win two major tournaments in the same season, as the Buffs won the Louisiana Classics and the Ohio State Kepler Intercollegiate. The Buffs finished 10th in the Big 12 meet, which moved to a 72-hole format for the first time, and was again invited to the NCAA's, placing 18th in the Central Regional. Junior Derek Tolan was one of two individuals to advance out of the regional into the finals, the first Buff to do so since 1993.

Edwards' first CU team (2006-07) had moderate success, and finished 11th in the Big 12 Championships; while that was disappointing, his team did something that neither Fowler's or Simpson's did, qualify for the NCAA Championships (though in fairness, more teams are invited today than when they coached, but it still was an impressive accomplishment). The team placed 20th in the NCAA Central Regional.

At Kansas, he was heavily involved in recruiting and the day-to-day functions for both the men's and women's teams, managed the Jayhawks' Birdie Club and was the main contact for both golf camps. A KU graduate, he returned to his alma mater in August 2002 as the assistant coach for both the men's and women's programs and further developed all the skills necessary to one day become a head coach. During his time at Kansas, he helped coach six first-team All-Big 12 players (five men, one woman) and four Academic All-Americans. He started his coaching career as a volunteer/graduate assistant in 1998, working three years in that capacity before moving on to Vanderbilt for his first full-time assistant coaching position.

He was the assistant for both the men's and women's teams at Vanderbilt from May 2001 until returning to his alma mater the following year. At Vandy, he headed the Commodore Golf Day and the Mason Rudolph Intercollegiate Golf Championships, and was involved in Commodore recruiting as well as the day-to-day practice and traveling schedules. He was a part of history as both teams experienced two of the best seasons in the programs' existence the 2001-02 academic year, and had a hand in coaching a pair of first-team All-Southeastern Conference players, including Brandt Snedeker, a first-team All-American, the 2007 PGA Tour Rookie of the Year and third place finisher in the 2008 Masters.

A three-year member of the Jayhawk golf team, he lettered as a senior under legendary and long-time coach Ross Randall and earned his bachelor's of science degree in business administration from Kansas in 2000. Simultaneously while finishing his degree, he worked as a volunteer assistant coach for the men's team. His career playing highlights include being named the PGA Midwest Section Player of the Year in 1995 and the Heart of America Four-Ball champion in 1997. As a student, he was also heavily involved on KU's Student-Athlete Advisory Committee and held several leadership roles on campus.

Born October 14, 1976 in Kansas City, Mo., but truly a native of Hutchinson, Kan., he was a four-year letterman in golf at Hutchinson (Kan.) High School and was an Eagle Scout. His hobbies include playing golf, cooking and traveling. Edwards is married to the former Shelly Bonfantine of Albuquerque, N.M., as they wed on July 7, 2007 (07-07-07); she is a former golfer at the University of New Mexico. They are the parents of one son, Ashton Ross (2), with another child due in April.

Assistant Coach: Jonathan Levy (Iowa State '98): 1st season at Colorado

PLAYER SUMMARY

Kevin Kring, Beau Schoolcraft and Sebastian Heisele (see below) battled for the team lead in stroke average during the fall, but Kring emerged as the leader at semester break (71.42, third best in school history) and has held on to the top spot throughout the spring. The season statistics for the CU six playing in Corvallis (*extensive stats later in this information*):

Colorado's fifth man scoring average this year is 77.40; it would be lower, but the Buffaloes spent much of the spring adjusting to the loss of senior Sebastian Heisele, who graduated in December and turned professional (the Dubai/UAE citizen is trying to qualify for the Asian Tour). Heisele was second on the team in the fall with a 72.08 stroke average for 12 rounds.

QUOTING COACH ROY EDWARDS**On CU's Season To Date**

"We feel good about it. When the team has played well, we've played exceptionally well. We had a slow start to the spring but have really picked things up in the last month or so. We've beaten a lot of really good teams this year. It's been a good season and our expectation is to continue to play well."

On CU's First Pac-12 Championship Appearance

"It's exciting. It is by far the most competitive golf conference in the country. It's exciting for us as a "northern" school to be competitive with the 'warm-weather' schools. You want to compete against the best, and with six of the top 12 teams in the nation in the conference that's exactly what you get. At the end of the day, those teams can beat you, yet you are still a very good team. I know the guys are really excited about seeing where they stand. There's a collection of great coaches in this league, so it will be exciting to begin a new chapter in our history this year."

What Would Be A Good Tournament For CU

"We have high expectations every time we play. What we always try to do is simply go out there and worry about what we have control over, and with this group, that's going out, having a good time and playing confidently. If we can do that, we've shown that we can be competitive with any team in our league at any given time. It's about attitude, confidence, course management and enjoying the moment, all those things. For us to finish fifth, we would have to beat the three schools ranked behind us, Oregon State on its home course, Arizona and then two teams ranked in the top 12. That's a tall order, but if accomplished, that means we will have played pretty good."

On CU's First 6-For 5 Tournament

"We only have seven eligible players (two on the roster are redshirting), and Johnny Widmer will be our sixth guy. This team, we're starting to realize how good each guy could be. This is where depth shows up and pays off when you have to go one roster spot deeper. But Johnny is fired up, and we're going to get the best Johnny Widmer possible this weekend."

On His Serving On A 3-Man Pac-12 Committee To Take On Slow Play

"The Pac-12 has been a leader in improving the pace of play in college golf, and we've really done a lot of work on it. What we're trying to do is to establish some standards that when every school hosts a tournament, there are guidelines to communicate to the coaches regarding the awareness of how to play faster instead of to stop playing slow. College golf gets blamed for slow play by other levels, the pros, the juniors. What we're trying to do is to make playing fast the new, cool way to do it, and hopefully it will trickle down to the junior golf programs. That is one of our goals."

THE SCHEDULE & SEASON AT-A-GLANCE

Colorado has played in 10 tournaments this year; four of which are currently ranked between the 12th and the 41st toughest out of 234 meets to date according to *Golfweek*. The toughest was the 12th-ranked Amer Ari Invitational to open the spring season. The Pac-12 Championships figures to place in the top 10 with six top 13 teams competing. All meets were the usual format where four scorers out of five players counted toward the team score; so CU will be in new territory with the six/scoring five format in the Pac-12 Championships. Colorado is 91-66-4 this year against Division I competition, so the Buffs have met the initial criteria for qualifying for the NCAA Championships; now it comes down to how CU fares in the Pac-12, strength of schedule and if there are lot of unexpected conference champions that earn automatic bids into the 81-team field.

CU'S INDIVIDUAL BESTS / CONFERENCE CHAMPIONSHIPS (SINGLE ROUND)

Here's a list of the best individual rounds by Buffalo golfers in school history in conference championship action (*—eventual medalist):

ORAAE AMONG TOP FRESHMEN

Colorado true freshman **David Oraee** is among the top freshmen in the conference, one of 15 to have recorded a sub-75.0 average to date. He is flirting with posting one of CU's top five freshman stroke averages in school history. The top Pac-12 frosh (all true freshmen, no redshirts):

CONFERENCE TEAM COMPARISONS

There are three men's collegiate golf rankings: one poll, conducted by the GCAA by head coaches, and two that are computer generated (*Golfweek*, *GolfStat*). With a consensus six top 13 and 10 top 76 teams competing, the Pac-12 Championships should be the fiercest league meet in the collegiate circuit for 2011-12 (used to competing in the tough Big 12, CU's last appearance in the meet had four top 20 and seven top 75 schools, piling in comparison to what the Buffs are up against now). This is the third year that a school's win-loss record plays a role in the selection criteria for the NCAA Regionals. Colorado's mark against fellow Division I teams entering the Pac-12 meet is 91-66-4, a 57.8 winning percentage; to qualify, teams must own a winning record or win their conference championship. The team won-loss records entering the Pac-12's (schedule strength in parenthesis) as well as a look at who ranks where in what:

KRING AMONG BEST FROM ONE SEASON TO NEXT

Kevin Kring averaged 75.24 strokes per round as a junior in 2011 for 34 rounds; fast-forward to 2012, and he's currently averaging 72.60; that 2.64 improvement currently stands as the eighth largest improvement from one season to the next in CU history, and would become just the fifth to improve by two strokes or more in also leading the team. Derek Fribbs is also flirting with cracking the 2-stroke improvement list (currently 1.80 better than '11). The top improvements from one year to the next in CU history (year after player name is season with lower stroke average; *—denotes player took a redshirt year in-between; #—improvement also led to leading team in stroke average):
